Other Important Homeowner Information

There are other important requirements and limitations to qualify for the tax credits under ARRA such as the qualified energy property must be installed in the homeowner's primary residence. Trane recommends that homeowners consult a tax professional to ensure they meet all requirements. The Internal Revenue Service is responsible for implementing and administering the tax credits.

Under penalty of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts presented are true, correct, and complete.
